commit -m "some message"
[master b04f056] some message
 Committer: Yashwinie Shivanand <yashwinieshivanand@Yashwinies-
MacBook-Pro.local>
Your name and email address were configured automatically based
on your username and hostname. Please check that they are accurate.
You can suppress this message by setting them explicitly:

    git config --global user.name "Your Name"
    git config --global user.email you@example.com

After doing this, you may fix the identity used for this commit with:

    git commit --amend --reset-author

 1 file changed, 0 insertions(+), 0 deletions(-)
 create mode 100644 newfile.txt
Yashwinies-MacBook-Pro:prework-repository yashwinieshivanand$ git push
origin master
